

FGB Manufacturing Co. is an ISO 9001-2008 certified organization engaged in manufacturing and supplying Temperature, Pressure and Vacuum Gauges. These gauges are appreciated for their performance, durability, easy maintenance and robustness.

Established in year 1990, we, “**FGB Manufacturing Co.**”, are an **ISO 9001-2008** certified organization engaged in manufacturing and supplying **Temperature, Pressure and Vacuum Gauges**. The range of gauges offered by us consists of **Freon Gauge, Receiver Gauge, Commercial Gauge, Capsule Pressure Gauge, Hydraulic Gauge, CNG Gauge, Vacuum Gauge** and many more. All these gauges are manufactured in tandem with the norms already laid by the industry by using modern machines, technology and optimum quality material procured from the authentic vendors of the market. Also, we ensure that all our products comply with other standards like **IS 3624, EN837-1, ASMI40.1B**. Along with this, all these gauges are monitored at the production stages, so as to maintain their quality and remove defects, if any. Before the final delivery, all these gauges are stringently tested on variegated parameters of quality. These gauges are highly applauded and demanded by the customers for their excellent performance, longer functional life, low maintenance, rigidity and dimensional accuracy.

We are supported by experienced and talented professionals, at every stage of production. All these professionals are well-trained and able to complete the assigned tasks with efficiency. These professionals understand the value of team work and so for the reason work in sync with each other.
